* Due to adverse information presented to the Office of Personnel by the Office of Security, but not seen by the Office of Logistics, employee was designated as a candidate for Selection Out. After a review of the information, the Office of Deputy Director (Support) did not feel that employee should be a candidate for Selection Out. Upon receipt of opinion by DD/S, OL requested and obtained from OS information concerning employee. Upon review of the information, OL agreed with opinion of the DD/S and further Selection Out processing of employee was discontinued on 21 April 1958.

** On 23 April 1958, Office of DD/S advised that they did not consider this a good case for further Selection Out processing due to insufficient information in employee's official file.
